Dear Thiru, just a note to say a **"big thank you"** for reading out the details of myself during the TRC Coop AGM last Saturday. You made the difference in the event and you gave me a lump in my throat with emotion. I know so much about myself and yet when someone with a great, powerful voice like yours read it out, it meant much more.

Dear Members

I wish to thank all members present at the AGM for agreeing unanimously to the Coop's resolution to deduct \$3/- from the 4% dividend payable for thrift savings to members for calendar year 2007. The amount deducted will be credited to the Coop's Fragrance Fund to help deserving individuals. However, a member can still exercise to opt out if he so wishes by writing in - either by email or by letter - before 30 Jul 08.

"Guess what? I see a difference in my son. Today is his English Exam, for the first time, I hear him say, "I can do it ma, I sure can do well and win them". His usual saying, "I think ma, can do well. I try"

Usually on the eve of all exams, my daughter will throw tantrums, refuse to study or revise for exam and my sister will call and complain to me. This year, no such complaints.

Thanks to Sasitharan Elumalai".

SANTHI

"I witness my friend and her 10 years old son hardship since birth (10 years) of overcoming complications with Eczema but after going through the section of hypnotherapy with sasi, I felt that I saw a new dimension in the boy. He is lively and willing to go through the therapy. This is like a miracle. I am also trying to get ma mother cured through this therapy. She is a dementia patient And has been suffering for years. After seeing the improvement in the boy's life I feel confident in this therapy.

Wishing the best for Sasitharan Elumalai".
